

AMENDED FOUNTAIN COUNTY VOTE CENTER PLAN
January 16, 2026

In Compliance with IC 3-11-18-1-4, the Fountain County Election Board proposes to adopt a plan for the establishment of Voting Centers in Fountain County, to provide more convenient, efficient, cost effective voting access, and procedures for all Fountain County voters. We would like to have this plan go into effect for the 2026 Primary Election.

Fountain County plans to utilize 5 vote center locations. Indiana Code 3-11-18.1-6 only requires one vote center per 10,000 active voters, but the Fountain County Election Board plans to provide one vote center per roughly 2,160 active voters

As of January, 2026:

- (A) Total number of registered voters within Fountain County – 11,741
- (B) Total number of active voters within Fountain County – 10,802
- (C) Total number of inactive voters in Fountain County – 939

1. The following are suggested vote center locations to be open on Election Days for Presidential and Mid-Term Elections:

(The following locations will be reviewed and amended prior to each election cycle.)

- A. St. Francis Xavier Catholic Church, 407 Perry St, Attica, IN 47918
- B. Covington Assembly of God – 421 Market St., Covington, IN 47932
- C. Veedersburg Sterling Christian Church, 701 S. Sterling Ave., Veedersburg, IN 47987
- D. Hillsboro Church of the Nazarene – 453 S SR 341, Hillsboro, IN 47949
- E. Kingman American Legion – 251 W State St., Kingman, IN 47952

2. The following are suggested vote center locations to be open for Municipal Elections held in the odd numbered years:

(The following locations will be used as a vote center location only if there will be an election held for that particular municipality or nearby municipality. If an election is NOT held, then that local vote center will not be utilized during that particular year of Municipal Elections. These locations will be reviewed and amended prior to each election cycle.)

- A. St. Francis Xavier Catholic Church, 407 Perry St, Attica, IN 47918
- B. Covington Assembly of God – 421 Market St., Covington, IN 47932
- C. Veedersburg Sterling Christian Church, 701 S. Sterling Ave., Veedersburg, IN 47987
- D. Hillsboro Church of the Nazarene – 453 S SR 341, Hillsboro, IN 47949
- E. Kingman American Legion – 251 W State St., Kingman, IN 47952

3. The following is the suggested satellite vote center location to be open for Early Voting the two Saturdays prior to the election:

(The following location will be reviewed and may be amended prior to each election cycle.)

- A. Fountain County Clerk's Office, 301 4th Street, Covington, IN 47932
- B. Attica City Building Courtroom, 305 E Main Street, Attica, IN 47918

All vote center locations meet the accessibility requirements under IC 3-11-8.

4. Each Vote Center will have one Inspector, two Judges, and four Clerks. At least one Judge will be from the opposite party as the Inspector. Training procedures for poll workers will remain the same. The number of workers, electronic poll books, and voting machines sent to each location will be determined and may be changed by the County Clerk at his/her discretion.
5. Every Ballot type for each precinct, applicable school board elections and party in primary elections shall be available, electronically, at each Vote Center.
6. Fountain County will use the Verity Duo Ballot Marking Device with a Verity Scanner. Because the Verity Duo Ballot Marking Device is a touch screen machine, which prints the ballot out on a paper ballot, then scanned into an electronic scanner, Verity Scan, the requirement in Indiana Code 3-11-18.1-14 that requires ballots to be kept separately by precinct is easily met. Just as in traditional elections, at the end of Election Day, votes will still be tallied and reported by precinct. The voting machines are at no point ever hooked up to the internet. Attached is the Verity Scan diagram.
7. An Electronic Poll Book will be used in order for voters to go to any location that they choose to vote. Fountain County has decided to utilize KnowInk innovative election solutions. This electronic poll book will be securely connected to every vote center and to the County Election Board at the Fountain County Clerk's Office on Election Day. It will securely connect every satellite vote center and meets all standards set out by Indiana law under IC 3-11-8-10.3. In addition, KnowInk election managers have intimate knowledge and experience with electronic poll books. A minimum of two electronic poll books will be available at each Voting Center.

NOTE: Voters from every precinct may vote at any vote center location or satellite vote center location. Every ballot style for each precinct in Fountain County will be available at each vote center and each satellite vote center (Depending on the election, the number of ballot styles varies greatly; therefore, this plan does not attempt to provide a specific number of ballot styles). Each vote center and early vote center will be connected to all other vote centers or early vote centers (as well as the County Election Board) via electronic poll books connected via secured internet lines. At least two electronic poll book terminals will be available at each location.

8. Electronic Poll Book Description and Security Details: The hardware, software and firmware used for the poll pad, will be utilizing the KnowInk Poll Pad. The Poll Pad e-poll book application software runs on the Apple iPad tablet. This system is certified by the Indiana Secretary of State's Office. The Poll Pad system interfaces with Quest Voter Registration System as part of the certified system. See attached for detailed information.
The number of voters on the machines and the number of voters in the poll pad will be checked and balanced each day.
In the event of a power failure at each or one vote center, the voting machines and poll pad will be switched to battery backup. For obvious reasons, if the safety of voters and or poll workers is ever at risk, the Fountain County Security Plan will go into effect with instructions from the Fountain County Clerk, Fountain County Election Board, Fountain County EMA, and the Fountain County Sheriff.

9. Fountain County has a full media and community outreach strategy that will involve press releases to newspapers and radio stations. In addition we will use our county web site www.fountaincounty.net to prepare Fountain County citizens for this change. Moreover each voter will receive a postcard in the mail prior to the initial elections, informing them of this change and where each vote center is located. The Clerk and/or her staff will also be available to attend community events and speak about the change.
